

## **Org-Matters Teams with Fujitsu to Bring OrganizeMy Electronic Filing Cabinet For Dummies to Consumer Friendly ScanSnap Scanner**

TORONTO, Ontario - November XX, 2007 - Org-Matters Solutions Inc. ([www.org-matters.com](http://www.org-matters.com)), in partnership with Wiley Publishing, Inc.'s "For Dummies" brand, today announced it has joined forces with Fujitsu Canada, Inc. to provide its OrganizeMy™ Electronic Filing Cabinet For Dummies® software for Fujitsu's new ScanSnap™ S300 scanner, the world's smallest colour, automatic document feeder (ADF) scanner.

The OrganizeMy Electronic Filing Cabinet For Dummies software turns chaos into sanity by enabling users to save and file all of their vital information – including tax receipts, financial statements, warranty cards and even favourite recipes. The software also contains life-tracking tools to help users record key details and complete pre-built "To-Do's" for important life events and responsibilities.

OrganizeMy Electronic Filing Cabinet For Dummies is certified for Microsoft® Windows XP and Windows Vista. Users can easily grab emails, documents or files from their Outlook™ and Outlook Express™ accounts as well as from the Web or through a simple one-click scan in process.

"It is a natural collaboration between Org-Matters and Fujitsu. Both companies understand that consumers have little time, yet they are being bombarded with important electronic and paper documents," said Michael Schweizer, creator, president & CEO of OrganizeMy Electronic Filing Cabinet For Dummies. "The 'For Dummies' brand epitomizes simple and easy-to-use products – and this software is no exception. With it and the easy-to-use ScanSnap S300, consumers can quickly and effectively organize their lives."

Purchasers of the new ScanSnap S300 receive a CD of the Personal Finance version of the OrganizeMy Electronic Filing Cabinet For Dummies software. This version of the software features a customized interface specifically designed for Fujitsu customers to take advantage of the ScanSnap's simple one button scan to PDF. As a result, users can scan from their ScanSnap directly into OrganizeMy Electronic Filing Cabinet For Dummies software without opening the application.

"The combination of the performance leading ScanSnap S300 scanner with OrganizeMy Electronic Filing Cabinet For Dummies gives consumers, home workers and mobile professionals an easy solution to electronically organize bills, statements, receipts and other documents at home," commented Steve Oblin, marketing manager, imaging products, Fujitsu Canada, Inc.
